Arbor Day Grants Offered to Idaho Communities in Partnership with Idaho Nursery and Landscape Association, Idaho Department of Lands, and Idaho Utilities.

(Idaho Falls...February 11). The Idaho Nursery and Landscape Association (INLA), in cooperation with the Idaho Department of Lands (IDL), Avista, Rocky Mountain Power, and Idaho Power, is pleased to announce a new program intended to help cities celebrate Arbor Day, plant appropriate trees for energy conservation and foster a stronger relationship between Idaho communities and the Green and Utility Industries. This year, 40 Arbor Day Grants, in the amount of \$300, will be awarded for "Planting Idaho". Funding for this program is provided by the generous contributions of these Idaho utilities that have a large interest in healthy urban forests and having the **right tree planted in the right place**.

This year grants of \$300 each will be available for communities to purchase trees, shrubs and related materials for their Arbor Day activities. For the seventh consecutive year, Avista, Idaho Power and Rocky Mountain Power, in partnership with IDL, have generously donated funds to the Idaho Community Forestry Trust Account to support this program. All Idaho communities are eligible to participate in the "Planting Idaho" program. Applications will be sent to communities throughout Idaho and a lottery style drawing will be used to determine who receives one of the 40 grants available.

Information on the grant program has been mailed to all incorporated cities in Idaho and is also available at the INLA web page: www.inlagrow.org (click on Planting Idaho). Application deadline is March 20, 2009. Successful grant applicants will be notified the week of March 30th.

Idaho joins most other states in celebrating Arbor Day on Friday, April 24, 2009. However, trees and planting conditions don't honor calendars – your community may choose to celebrate Arbor Day on a different date. For further information, contact Ann Bates at 1-800-462-4769.
